

## CARNIVOROUS

<b>Tropical Pitcher Plants (Nepenthes sp.)</b>	
Bright indirect light outdoors, high humidity, pure water, acidic soil, moist, not wet; bring indoors below 50° F	
<u>Botanic Name</u>	<u>Common Name</u>
<i>Nepenthes lowii x ventricosa 'Red'</i>	Nepenthes 'Briggsiana'
<i>Nepenthes sp.</i>	Nepenthes 'Gaya'
<i>Nepenthes sp.</i>	Nepenthes 'Lady Luck'
<i>Nepenthes sp.</i>	Nepenthes 'Miranda'
<i>Nepenthes maxima x albomarginata</i>	Nepenthes 'Red Beauty'
<i>Nepenthes rafflesiana x spectabilis</i>	Nepenthes rafflesiana x spectabilis
<i>Nepenthes ventricosa x alata</i>	Nepenthes x ventrata
<b>Venus Flytraps (Dionaea muscipula cultivars)</b>	
Partial sun outdoors year-round, high humidity, pure water, acidic soil, always moist, excellent terrarium plants	
<u>Botanic Name</u>	<u>Common Name</u>
<i>Dionaea 'B-52'</i>	Venus Flytrap 'B-52'
<i>Dionaea 'Crested Petioles'</i>	Venus Flytrap 'Crested Petioles'
<i>Dionaea 'Cup Trap'</i>	Venus Flytrap 'Cup Trap'
<i>Dionaea 'Dentate Traps'</i>	Venus Flytrap 'Dentate Traps'
<i>Dionaea 'Red Piranha'</i>	Venus Flytrap 'Red Piranha'
<i>Dionaea 'Typical'</i>	Venus Flytrap 'Typical'
<b>North American Pitcher Plants (Sarracenia sp.)</b>	
Partial/full sun outdoors year-round, pure water, acidic soil, always moist, outdoors only	
<u>Botanic Name</u>	<u>Common Name</u>
<i>Sarracenia alata</i>	Pale Pitcher Plant
<i>Sarracenia 'Barba Green'</i>	Hybrid Pitcher Plant
<i>Sarracenia flava x purpurea</i>	Sarracenia x catesbaei
<i>Sarracenia 'Dixie Lace'</i>	Hybrid Pitcher Plant
<i>Sarracenia leucophylla x minor</i>	Sarracenia x excellens
<i>Sarracenia leucophylla x rubra</i>	Sarracenia x farnhamii
<i>Sarracenia 'June Bug'</i>	Hybrid Pitcher Plant
<i>Sarracenia 'Juthatip Soper'</i>	Hybrid Pitcher Plant
<i>Sarracenia 'Maroon'</i>	Hybrid Pitcher Plant
<i>Sarracenia 'Mardi Gras'</i>	Hybrid Pitcher Plant
<i>Sarracenia flava x rubra</i>	Sarracenia x popei
<i>Sarracenia rubra</i>	Sweet Pitcher Plant
<i>Sarracenia 'Scarlet Belle'</i>	Hybrid Pitcher Plant
<i>Sarracenia 'Velvet'</i>	Hybrid Pitcher Plant
<b>Sundews (Drosera sp.)</b>	
Partial sun outdoors year-round, high humidity, pure water, acidic	

## CARNIVOROUS

soil, always moist, excellent terrarium plants	
<b><u>Botanic Name</u></b>	<b><u>Common Name</u></b>
<i>Drosera burmannii</i>	Tropical Sundew
<i>Drosera capensis</i>	Cape Sundew
<i>Drosera capensis 'Red'</i>	Cape Sundew 'Red'
<i>Drosera paradoxa</i>	Australian Sundew
<i>Drosera spatulata var. lovellae</i>	Spatulate Sundew
<i>N. sanguinea MHB</i>	N. sanguinea MHB
<b>Companion Plants</b>	
Partial/full sun outdoors year-round, pure water, acidic soil, always moist, outdoors only, excellent carnivore companions!	
<b><u>Botanic Name</u></b>	<b><u>Common Name</u></b>
<i>Calapogon tuberosus</i>	Grass Pink Orchid
<i>Polygala lutea</i>	Orange Milkwort
<i>Viola lanceolata</i>	Lanceleaf Violet
<i>Viola sororia v. missouriensis</i>	Missouri Wood Violet
